

9-12 Baseball RULES & INFORMATION

PRE GAME

- 1 manager and 2 coaches are allowed in the dugout. If a third coach is not available to oversee the dugout while the team is batting, a parent who has passed a background check must become a base coach. There must be a coach in the dugout with players at all times. **Parents who are not coaches are not allowed in the dugout.** This rule will be strictly enforced due to the safety of all bystanders.
- Visiting team needs to be taking infield 10 minutes prior to game time.
- Home team needs to be taking infield 5 minutes prior to game time.
- Coaches are responsible for turning in a roster to the press box 10 minutes before the scheduled game time. Please have your line-up written/typed on a piece of paper for the official score keeper to have. Your line up must include first initial, last name, and jersey number. If a player shows up after the lineup has been entered into the official book, he must go to the bottom of the lineup. **Do not ask the book keeper to erase players' names in order to fit them in.**
- If a player shows up late for the game, he may be added to the bottom of the lineup if the first batter has not batted twice.
- If a team cannot fill their roster by the start of the game, there will be a 10-minute waiting period before an automatic forfeit will be enforced and added to the teams' record.
- A player from a different team or league cannot be substituted if a roster cannot be filled.

THE GAME

- Games will consist of 6 innings or 1 hour and 30 minute time limit. A new inning may not be started after the time limit has expired, except in the case of a tie game. If terminated by time, the inning in progress will be completed.
- You can have a maximum of 10 players and a minimum of 8 players to start the game.
- Bat all players on roster. All players present will be listed in the batting order and take their turn at bat, even if not playing a defensive position on the field. No changes will be made to the batting order.
- If a batter cannot bat due to an injury or medical illness during the game then the batter that made the last out during his at bat will bat for the injured batter. But at any point in the game the injured batter overcomes his injury then he can re-enter the batting order. If the substitute batter, which is determined by the above rule, is not available then back to the previous batter that fits the same criteria.

- If a player chooses to leave the game at any time other than for an injury or a medical illness, an out will be enforced when it is the absent player's turn at bat.
- All players must play 3 defensive outs before the end of the game. If a player does not play at least 3 defensive outs, the offending team will forfeit the game.
- Report ALL pitching substitutions to the umpire. The umpire is then responsible to report the substitutions to the press box.
- Pitching limitations will be set on a Rolling 6.
- There is a 6-run limit per inning. When game reaches a point where it is impossible for one team to score enough runs to tie, then game will be called.
- Runners are NOT allowed to leave a base until the ball crosses home plate.
- Runners are NOT allowed to run on a drop 3rd strike.
- If a play is made at home plate, the runner must slide feet first or it becomes an automatic out.
