

## 8U GIRLS SOFTBALL RULES/INFORMATION

### PRE GAME

- 1 manager and 3 coaches are allowed in the dugout. If a third coach is not available to oversee the dugout while the team is batting, a parent who has passed a background check must become a base coach. There must be a coach in the dugout with players at all times. **Parents who are not coaches are not allowed in the dugout.** This rule will be strictly enforced due to the safety of all by-standards.
- A team is allowed 3 offensive coaches on the field while on offense, a pitching coach, a first base coach and a third base coach. One defensive coach will be permitted on the field for instructional purposes only. The coach is not permitted to touch a live ball or touch any player while ball is in play. The coaches are permitted for INSTRUCTIONAL PURPOSES ONLY. Please do not abuse this rule.
- Visiting team needs to be taking infield 10 minutes prior to game time.
- Home team needs to be taking infield 5 minutes prior to game time.
- Coaches are responsible for turning in a roster to the press box 10 minutes before the scheduled game time. Please have your line-up written/typed on a piece of paper for the official score keeper to have. Your line up must include first initial, last name, and jersey number. If a player shows up after the lineup has been entered into the official book, she must go to the bottom of the lineup. **Do not ask the book keeper to erase players' names in order to fit them in.**
- If a player shows up late for the game, she may be added to the bottom of the lineup if the first batter has not batted twice.
- If a team cannot fill their roster by the start of the game, there will be a 10-minute waiting period before an automatic forfeit will be enforced and added to the teams' record.
- A player from a different team or league cannot be substituted if a roster cannot be filled.

### THE GAME

- Games will consist of 5 innings or 1 hour and 30 minute time limit. A new inning may not be started after the time limit has expired, except in the case of a tie game. If terminated by time, the inning in progress will be completed.
- You can have a maximum of 9 players and a minimum of 6 players to start the game.

- Bat all players on roster. All players present will be listed in the batting order and take their turn at bat, even if not playing a defensive position on the field. No changes will be made to the batting order.
- If a batter cannot bat due to an injury or medical illness during the game then the batter that made the last out during her at bat will bat for the injured batter. But at any point in the game the injured batter overcomes her injury then she can re-enter the batting order. If the substitute batter, which is determined by the above rule, is not available then back to the previous batter that fits the same criteria.
- If a player chooses to leave the game at any time other than for an injury or medical illness, an out will be enforced when it is the absent player's turn at bat.
- All players must play 6 defensive outs before the end of the 4<sup>th</sup> inning. If a player does not play at least 6 defensive outs before the end of the 4<sup>th</sup> inning, the offending team will forfeit the game.
- The pitching machine will be set at **35** feet and set at **35** mph. There will be one **8** foot circle drawn around the pitching machine. The pitcher must have one foot inside of this circle until the ball crosses home plate. After a play has been made, the ball needs to be thrown to the pitcher, who must have control of the ball and 1 foot inside the circle in order to stop play.
- The pitching coach may have limited instructing of the batter. If it becomes excessive, the umpire will give 1 warning to the coach. If it resumes, the coach will be removed to the dugout.
- Each batter will get 3 swinging strikes or a maximum of 6 pitches. There are no called balls or strikes on the batter. If the 6<sup>th</sup> pitch is hit foul, the batter will receive another pitch.
- If a batter hits a ball that hits a coach or the pitching machine, it will be a dead ball and a single for the batter and all runners will move up one base. If the offensive coach makes a deliberate attempt to make contact with the ball, the batter will be called out and all runners will return to their original base. If a defensive coach makes a deliberate attempt to make contact with the ball, the ball will become dead and all runners will advance 1 base. That defensive coach will be ejected immediately from the game.
- There will be a hash mark at 2/3 distance between 1<sup>st</sup> and 2<sup>nd</sup> base, 2<sup>nd</sup> and 3<sup>rd</sup> base, and 3<sup>rd</sup> and home plate. This will regulate if the runner will be able to resume to the next base or go back to the previous base. If the batter has both feet across the line before the ball is entered in the pitching circle, the runner may advance to the next base. If both feet are not across the line by the time the ball is in the pitching circle, the ball is considered "dead" and the runner must go back to the previous base.

- Maximum number of runs that can be scored by inning is **6** per team and **10** runs can be scored in the 5<sup>th</sup> inning. When game reaches a point where it is impossible for one team to score enough runs to tie, then game will be called.
- Players are not allowed to throw the bat when at bat. The umpire will give one warning and if throwing the bat presumes, the player will be automatically called out.
- A base runner can run only if contact is made with the bat.
- All offensive players on base and at bat must wear a batting helmet with a cage at all times.
